WHO ARE WE

asas about

for General Contracting

.Establishment is one of the leading manufacturers of houses and rooms in the Kingdom of Saudi Arabia

,The establishment designs and produces environmentally friendly homes, utilizing cement panels prefabricated buildings, and caravans. Our engineers are skilled in modifying and designing these materials to a very high standard that meets all needs. Furthermore, Asas Al-Buyout Establishment manufactures containers using steel frames and cement panels. These containers are lightweight yet -provide the strength and efficiency to withstand various conditions throughout all seasons. Asas Al ,Buyout General Contracting offers all these advantages to its distinguished clients at competitive prices .earning their trust in the establishment
